

SPECIALTY AVIAN DISPLAY

Begin Arrival Monday, August 30th - 8:00 a.m. to 8:00 p.m.
Birds IN Place Tuesday, August 31st @ 8:00 p.m.
Release Wild Birds..... Monday, September 6th – 6:00 p.m. – 9:00 p.m.

THE COLORADO STATE FAIR SPECIALTY AVIAN DISPLAY is designed to offer a setting to display live wild type birds against the standard for that species, subspecies, or mutation. In this way, bird owners can breed their birds with these standards in mind. It will also provide a forum for wild birds to be displayed to the general public to try to generate interest in Aviculture.

1. Due to the very fragile, flighty, and unpredictable nature of the birds in this display, the Colorado State Fair has gone to great lengths to make every effort to provide adequate housing that offers some degree of safety for the birds. This includes keeping the general public barricaded a safe distance away from the birds so as not to unduly disturb them. **In order to offer the most protection for all birds entered in the display/sale, the owners of any birds will fall under these same restrictions and will not be allowed to cross the barricades, except under the supervision, or with the express permission of Colorado State Fair Specialty Avian Show Staff.** However, even with all these safeguards in place the Colorado State Fair cannot be held liable or responsible in the event that birds become injured or killed due to unforeseen circumstances.

2. **Health Requirements and Examination:** ALL birds are subject to health inspection by a representative of the State Veterinarian's office upon entry and during the fair. Any birds found showing evidence of infectious, contagious, or communicable diseases may be immediately withdrawn from the CSF and/or held in quarantine at the owner's risk and expense until properly treated and recovered, or until properly released to owner's premises following treatment. The CSF reserves the right to test birds for disease as is determined necessary.

3. **Release of Birds:** No birds will be allowed to leave the building without a written release from the Superintendent.

4. **Feed & Water:** All exhibits will be fed, watered and cared for in uniform coops by the Colorado State Fair Official Specialty Avian Show Staff at no charge to exhibitors.
