## **II. COMPETITION LOGISTICS:**

### **A. JUNIOR MARKET CLASS PLACING**

1. The “Junior Market Class Placing” will account for 25% of the overall score, earning points ranging from a minimum of 10 points, to a maximum of 50 points.
2. Only those entries that receive a 1<sup>st</sup> through 10<sup>th</sup> placing while also qualifying for the Junior Livestock Auction will be eligible to receive a score. Exhibitors will earn only one score per species, and it must be their highest placing animal within the respective species.
3. Grand Champion, Reserve Grand Champion, Third Overall, Fourth Overall, Fifth Overall, Division Champions, and Reserve Division Champions will receive higher scores than the original market classes.
4. In order to receive the full culmination of points for a specific placing within a class, there must be at least ten entries within that same respective class. For every class that does not showcase ten entries, exhibitors will receive a 2-point discount in their score for each entry below the minimum threshold of ten entries.
  - i. Example: There are eight animals in a class. An exhibitor placing 5<sup>th</sup> would normally receive 20 points had there been the minimum of ten entries within the class. Because there are only eight entries, a 2-point discount in score will be applied for every entry below the minimum threshold. In this case, a 4-point

discounted score would be applied, awarding the exhibitor 16 points.

5. See **Table 1.1** for the scoring breakdown of “Junior Market Class Placing”.

### C. LIVE JUDGING CLASSES

6. The “Live Judging Classes” will account for 25% of the overall score, earning points ranging from a minimum of 0 points to a maximum of 50 points.
7. The “Live Judging Classes” will be held following the Junior Market Show.
8. Exhibitors will participate in judging two live market animal classes, each with four animals per class, and each class being worth 25 total points. These classes will be in the species in which the exhibitors are competing for the Premier Exhibitor Award (i.e., If competing for the Premier Market Lamb Exhibitor Award, the exhibitor will judge two market lamb classes).
9. Judging classes will be put together by a committee composed of Colorado State Fair Staff and Superintendents and Collegiate Judging Teams. All livestock used in the judged classes will be entries that were showcased in the Colorado State Fair Junior Market Show.
10. All live judging and scoring will be based on and adhere to the Colorado State 4-H Livestock Judging Rules and Regulations.
11. The exhibitors will be allowed to judge 12 minutes per class before they are required to hand in their marked score card to a competition official.
12. Exhibitors will evaluate the livestock and rank them 1-4 on a standardized “Judging Card” based on the animal’s overall confirmation and quality.

13.\*\* Each “Judging Card” will allow for a maximum score of 50 points. The score registered on the “Judging Card” will then be prorated to a maximum of 25 points.

i. Example: An exhibitor earns a score of 35 out of 50 on one “Judging Card.” The prorated score would be 17.5 points out of the 25 maximum points possible.

14. There will be no oral reasons following the judging of the live market classes.

**D. WRITTEN EXAM**

15. The “Written Exam” will account for 25% of the overall score, earning points ranging from a minimum of 0 points to a maximum of 50 points.

18. The exam will include 25 multiple-choice, lamb industry-related questions.

19. Exhibitors will have 30 minutes to take the exam.

20. Exhibitors will not receive any study guides or any sort of reference to the source material prior to the exam. The goal is to test the exhibitor’s current and intuitive knowledge of the industry.
