## Definitions

Duet - is a quilt constructed by one person and quilted by someone else.

Art Quilt - is a contemporary artwork of original design involving the creative expression and exploration of various processes, such as dyeing, printing, painting, stitching, embellishing, quilting, and weaving. An Art Quilt does not follow traditional block lines.

Memory Quilt - is a way of remembering or celebrating family history, the life of a loved one, or an important event in life. Materials used can be clothing, photos, memorabilia, etc.

Appliqué Quilt - Use appliqué as the primary feature. The definition of appliqué is the sewing of smaller pieces of fabric onto a large, whole piece of fabric. Appliqué quilts can include other quilting techniques in a secondary role.

Modern Quilts - are defined as functional quilts that include bold colors and are inspired by modern design. Minimalism, asymmetry, expansive negative space, and alternate grid work are often a part of modern quilt composition, as are improvisational piecing and solid fabrics.

Whole Cloth Quilt - The top layer of a whole cloth quilt is made from a single piece of fabric. No patchwork or appliqué is used in the quilt design. The appearance of a whole cloth quilt relies on the quilting motifs that are chosen, and quilting stitches are usually intricate and closely spaced.

Baby Quilt - is defined as a small quilt made to fit easily in a crib or stroller.

Machine Quilting - Quilting with any type of machine.
